

Dear Parent/Carer,

Extra-Curricular Club timetables September 2023

We are delighted to announce our new extra-curricular and co-curricular activities for September 2023. There are options for all students, of all abilities, to develop and discover their interests and talents and above all, have fun! Here at Hermitage Academy, we strongly believe that involvement in clubs, societies and community projects can help to evolve key attributes such as leadership, confidence and social skills, whilst also promoting physical and emotional well-being. There is also significant evidence to show that this supports the academic learning within school too.

The September timetables include many of the key clubs that our students requested as part of a student voice survey in July 2023. Please note however, that the timetables are routinely updated and change with the seasons, to enthuse your children and help us to ensure that our programme is both purposeful and impactful. We look forward to adding new clubs and opportunities throughout the year.

We also have a range of options for our year 11 students, to support them with their studies and revision, as they prepare for their GCSE exams. These give students the opportunity to gain additional support in their subject areas, ask any questions that they may have or simply use the time to revise. Students will continue to receive more details directly from their form tutors.

Finally, we are always delighted to hear from you. Should you have any practical suggestions with regards to extra-curricular, please get in touch at enquiries@hermitageacademy.co.uk

For all of the extra-curricular club timetable information, please visit our website in the Curriculum section or click on the following link:
