MAY/JUNE EXAMS 2024

Revision Guide

What to Revise and How to Revise – useful links below

Subject revision topic checklists

Each subject has identified the topics you should be revising for the **GCSE Exams** in checklists – see pages below. They have also recommended books, websites and apps to use at home.

Blank Revision Timetable

At the end of this booklet you will find a blank revision timetable for you to print out. We recommend you do a new one each week depending on how you are feeling about each subject. If you are finding a topic particularly difficult then you need to be revising this every day. This will change week to week depending on what you are being taught in school. If you need help to plan your revision timetable speak to your sept tutor or mentor.

Student POD

You should be using Student Pod to access other revision resources. This can be accessed through EASI.

Here you'll find knowledge organisers for every single topic you are studying as well as a number of other very useful resources.

If you are struggling or are worried about anything, please speak to form tutor, mentor or subject teacher.

Good Luck!

Term Time Revision Timetable

Edit this to suit the hours you prefer to work. Make sure you take regularly short breaks. Do times to suit you at the weekend.

- It is important to 'Space' and 'Interleave' your subjects and topics. See the Revision One Note (emailed to students) for more details. We have also discussed this in the study skills session and Parent Guide to Y11 Video.
- 4-6 X 20-30 minute sessions on one topic, followed by short break then a different topic, and so on, is far more effective than a full evening on one subject. Block out time for homework, exercise and relaxation.
- Change times for Saturday and Sunday
