

YEAR 11 SUPPORT AND REVISION EVENT

THURSDAY 3RD NOVEMBER 2022

THE ROAD TO SUCCESS!

BIG PICTURE

Part-mock series	14 th November 2022
Next Steps event	29 th November 2022
Report	19 th December 2022
Parents' evening	11 th January 2023
Mock series	1 st March 2023
Parents' evening	19 th April 2023
Report	24 th April 2023
Summer exams*	15 th May – 28 th June

* Draft calendar – practical subjects before this

EXAMINATION REQUIREMENTS

- All information and candidate instructions are on the school's website. Please do read.
- In exams, clear water bottles / clear pencil cases and correct equipment.
- No phones ... no watches ... no airpods, etc.
- Nothing in pockets / blazers.
- Be on time.

HOW LONG TO FINAL EXAMS?

120 days

MOCKS BEGIN NOV 14TH
10 DAYS AWAY!

REVISION TIMETABLE
IN YOUR BOOKLET
QUESTIONS YOU NEED TO ASK:
WHAT EXAMS DO YOU HAVE?
WHEN? WHAT'S THE BEST WAY
TO MAKE SURE YOU'RE
PREPARED TO DO YOUR BEST?

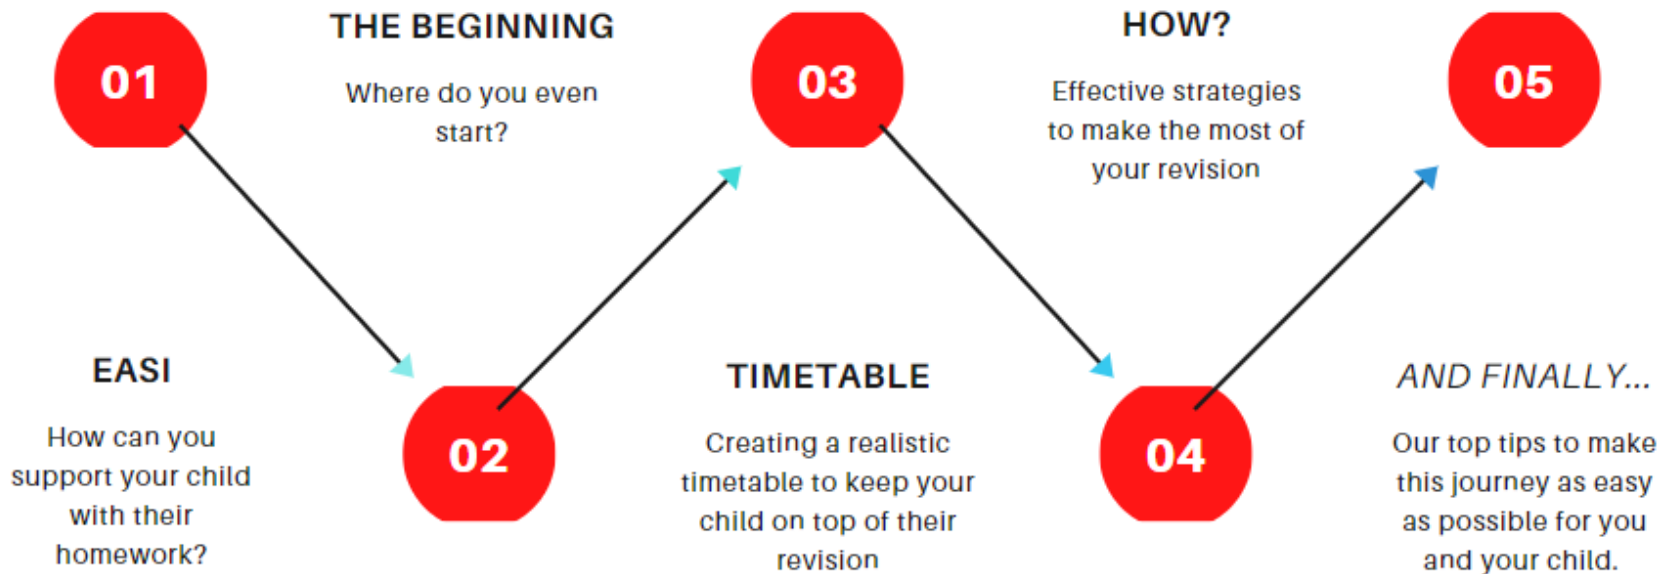

MOCKS ARE SO IMPORTANT

- PRACTISE
- MINDSET – REVISION CYCLE
- GAPS IN KNOWLEDGE
- REACH YOUR POTENTIAL
- COLLEGE / APPRENTICESHIP APPLICATIONS

Class of
2023

BE ORGANISED

GETTING THE MOST OUT OF EASI

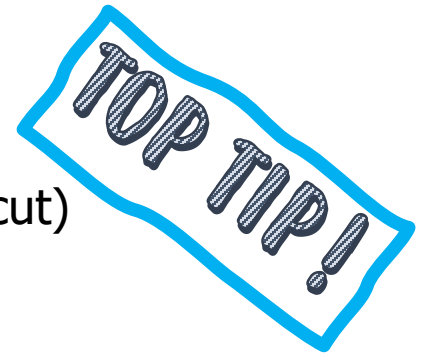

Logging on

On a computer (in school or at home), or on a phone:

- 1) Open a webpage by using Chrome or any web browser. In the address bar at the top, type: <https://hermitage-systems.nelt.co.uk/>
- 2) When you open the webpage, you will be asked to log in. This is [your school email address and password](#)

On your phone

- 1) Go to easi.hermitageacademy.co.uk
- 2) Tap the 'share' icon at the bottom of your phone
- 3) tap 'add to home screen' (this will create an app style shortcut)
- 4) type a name (EASI) and tap the 'add' button

GETTING THE MOST OUT OF EASI

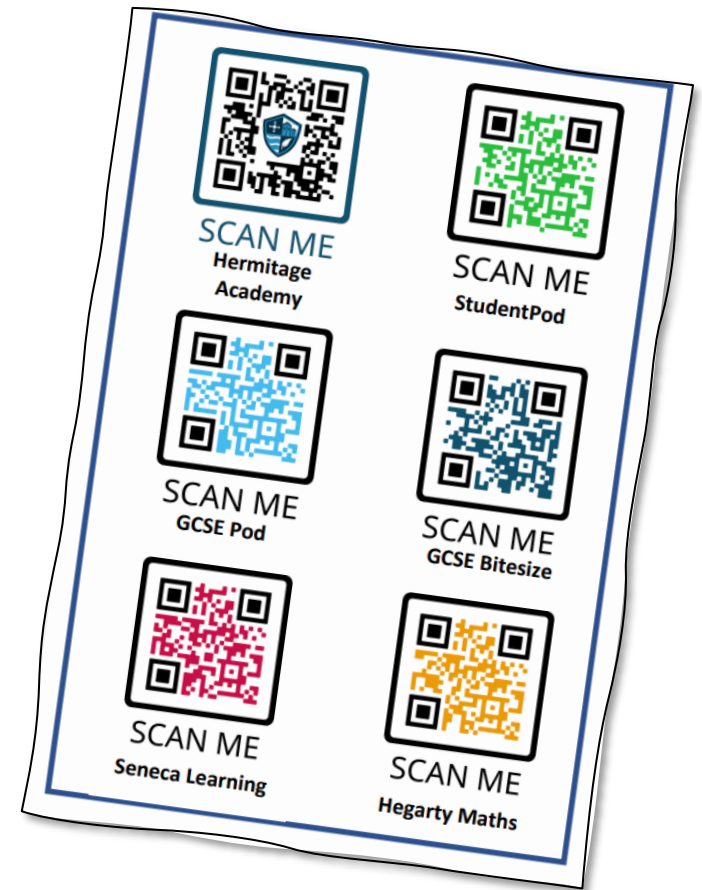

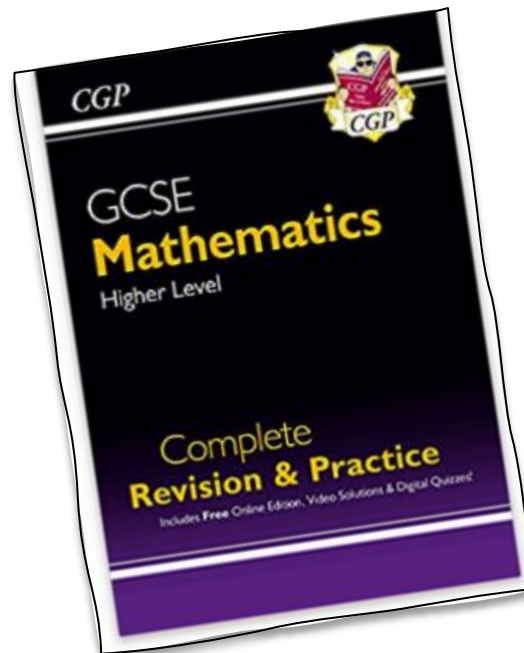

TOP TIP!

From the school website:

Students can log onto EASI by clicking on the EASI button on the homepage

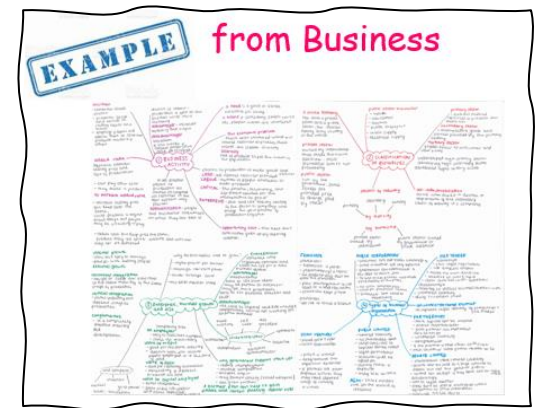

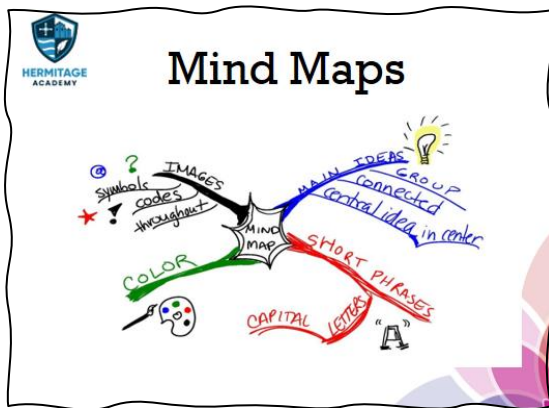

REVISION

**Class of
2023**

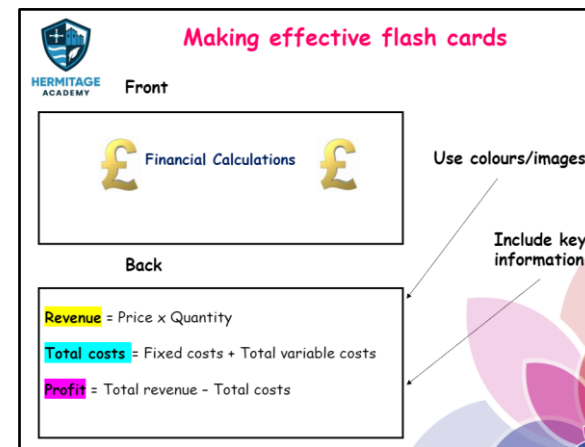

HOW ARE WE SUPPORTING STUDENTS?

- **Form time:** students will receive guidance and support on how to revise.
- We have mapped out different strategies and techniques across the year. These started this week and will continue until their final exams.
- Students will be given time to create revision materials.

HOW ARE WE SUPPORTING STUDENTS?

- Next week, students will be looking at how to create and use reflective flash cards (please take some from the back).

- We have mapped out support in form time until June 2023.

STARTING TO REVISE

Red

Red - I know I am struggling in this subject.

Amber

Amber - I am confident that I have improved since summer. I am working hard and I know where I went wrong.

Green

Green - I am very confident in this subject.

TROUBLESOME TOPICS

REVISION STRATEGIES

8 Effective Revision Strategies

1. Look, Cover, Write and Check

Revision Made Easy

Strategy No.1

Look Cover Write Check

2. Read, Write, Summarise and Link

Revision Made Easy

Strategy No.2

Why, where, when, how?

Why should you revise?

Your brain forgets details of the work you did months ago but you need these details to answer the questions in the exam, so you need to 'top-up' by using the correct revision technique.

Where should you revise?

In a quiet room that is yours and that is not that late a time to study with a table lamp, to help you focus on the page and a clock for timing.

When should you revise?

Start your revision early each evening, before your brain gets tired.

How should you revise?

If you just sit down to revise, without a definite starting time, then your thinking efficiency (the amount you can learn) falls lower and lower. This can be improved if you decide at the beginning how long you will study for, with a clock face as your time shows the end is coming. You can improve this even more if you break up a 2-hour session into 4 shorter sessions, each of about 25 minutes with a short planned break between them.

How often should you revise?

The amount your brain can recall later increases for about 12 minutes and then it begins to fall. However if you quickly re-visit after 10 minutes, then it falls more slowly. If you do this again after 1 day then it falls even more slowly. And even better still if you quickly re-visit again, after 1 week, then it falls even more slowly. The best overall for 'topping-up' by relearning or briefly re-reading etc.

- 12 minutes
- 1 day
- 1 week

REVISION TOOLS

Here's a range of different websites that can support your own independent revision at home:

- Quizlet - Create online flashcards or use flashcard sets created by other teachers and students.
- Memrise - A free website that can help you remember vocabulary, ideas and concepts.
- BBC Bitesize - Revision materials for most subjects.
- Bubbl - Create free online mindmaps.
- Popplet - Create free online mindmaps and can add pictures too.
- Gojomo - Access thousands of practice questions for free.
- Seneca - Free website with revision material for all exam boards and topics.
- Revisionworld - Free GCSE revision for a range of subjects
- S-Cool - Revision site for GCSE and A Level subjects
- GetRevising - Tools to plan revision and make revision notes
- GCSEPod - Downloadable pods for GCSE subjects

TOPIC LISTS FOR PART-MOCKS

Class of
2023

- Subject areas have created topics lists to help students revise for their part mocks.
- Students should use these to help them revise.
- Some of these topics may appear on their summer exams – early revision.

**THERE ARE NO TOPIC LISTS FOR
2023 JUNE EXAMS FOR MOST SUBJECTS**

REVISION TIMETABLE

- Family calendar
- Can you skip/reduce time?
- Can you find time to revise at the event?
- Think about **balance**.

REVISION TIMETABLE

Class of 2023

1. Block out any prior commitments.

2. Include any booster sessions at school.

3. Designated homework slots.

4. Check your exam timetable.
Try and share your time
equally between red subjects.

5. Look at your
subject RAG
ratings. Start with
any red subjects.

6. Include topics that
you need to work on.

7. 45 minutes of
quality revision and
then take a break.

	Monday	Tuesday	Wednesday	Thursday	Friday
3-4pm					
4-5pm					
5-6pm					
6-7pm					
7-8pm					
8-9pm					

REVISION TIMETABLE

**Class of
2023**

1. Block out any prior commitments.

	Monday	Tuesday	Wednesday	Thursday	Friday
3-4pm		Maths	English	Science	
4-5pm	Football //				
5-6pm	////////	Maths - expand / Factorising	Music - set works		
6-7pm				History - American West	
7-8pm					Babysitting ////////
8-9pm			English - ACC read chap. 1-5		

2. Include any booster sessions at school.

3. Designated homework slots.

4. Check your exam timetable.
Try and share your time
equally between red subjects.

5. Look at your
subject RAG
ratings. Start with
any red subjects.

6. Include topics that
you need to work on.

7. 45 minutes of
quality revision and
then take a break.

CREATE THE CLIMATE

- **Distraction free.**
- Mobile phones switched off and out of sight.
- If using electronic devices to revise then switch off notifications from social media.
- Use breaks to check messages / listen to music - we recommend you work for 30-45 minutes then take a 10 minute break.

REVISE SMART

- **You will be given a revision list for each of your subjects for Part mock series.**
- You need a **reliable source of information** to revise from - for example exercise books, Knowledge Organisers, exam board specific revision guides.

REVISION TOP TIPS

Start Early

Create a Plan

Avoid Distractions

**Revise, Repeat,
Remember**

Test Yourself

Prioritise Your Time

Set Targets

TO-DO LIST:

1. REVISE
- 2.
- 3.

SUPPORTING STUDENTS

- If you have any concerns or your child has any concerns – we need to know.
- We have ensured students are getting impartial careers advice and guidance.
- Laurea Centre staff are always available to speak to and support our students.

ATTENDANCE MATTERS

Attendance Percentage	Days Missed
95	9.5
90	19
85	28.5
80	38

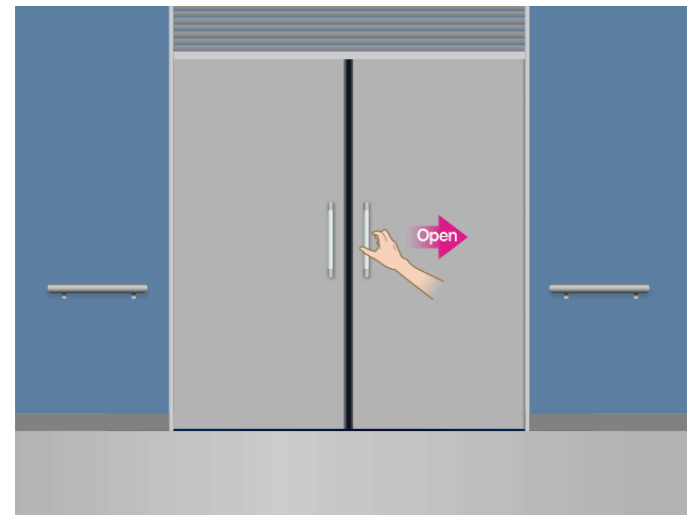

17 days of absence over the year often means a drop in GCSE grade in all subjects.

Regular face-to-face education enables all pupils to fulfil their potential.

BEHAVIOUR FOR LEARNING

- Young adults
- Important decisions about next steps
- The right grades open doors
- STEP UP

REVISION / LUNCH AND AFTER SCHOOL SESSIONS:

- What are they?
- Why should I do them?
- Incentives and rewards

REVISION SESSIONS – WHAT IS AVAILABLE?

Year 11 revision Timetable 2022–2023

**WE ARE PROUD OF OUR STUDENTS –
WE WANT THEM TO DO WELL.**

English Language and English Literature

- Two distinct qualifications.
- Four separate exams.
 - English Language Fiction – reading and writing.
 - English Language Non-fiction – Reading and writing.
 - English Literature – Shakespeare and A Christmas Carol.
 - English Literature – An Inspector Calls, Power and Conflict Poetry and Unseen Poetry.
- Important in terms of **any** career/academic pathway.

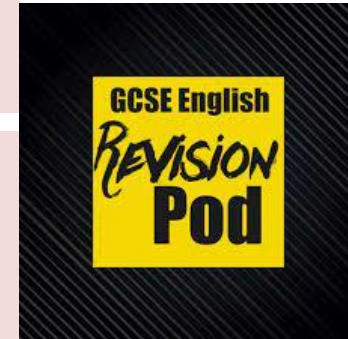

We recommend one guide for English Language and separate shorter guides for English Literature.

English Language – Reading and writing fiction/non-fiction.

English Literature:
An Inspector Calls,
Macbeth,
A Christmas Carol,
Power and Conflict Poetry,
Unseen Poetry.

How to revise for English.

- **Remind students what they will be marked on.** We don't know the content, but we do know the structure.
- **Refresh their memory** with study guides, websites, their class books; map the gap.
- **Organise their notes.** Use post-it notes, flashcards and section their work/ideas to match the exams.
- **Re-read the texts.** Audio book versions are available as well as detailed plot summaries online.
- **Discuss ideas.** Buddy up! Testing each other on key quotes and discussing interpretations.
- **Past Papers.** Use the AQA website and ask teachers. They have already completed many papers for every section; re-read the work!
- **Review all notes.** Revisit regularly for short periods of time – keep them handy.

Take regular
breaks

Make a
timetable

Work through
past papers

Watch the
tutorials or
revision clips
your teacher
suggests

Practising ~~REVISING~~

MATHS

Find a
quiet
workspace

Know what
topics to
focus on

make a list and
update it regularly

Know the formula
you need to
remember & what
is in the paper

Make sure you
have and **USE** a
recommended
revision guide

Its no good just owning
a guide ... **USE IT!**

Do a little bit
of "practice"
every day

Work through
past papers

Google it!

BUT do get
them marked
using a mark-
scheme

Use or make
revision cards, a
popplet or a
prezi

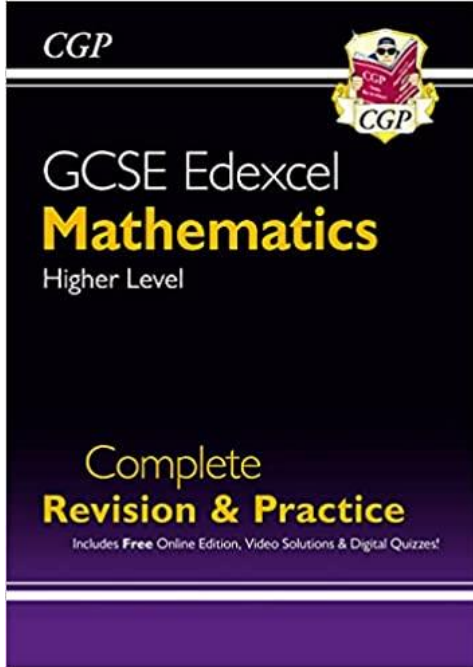

Ask for
help if
unsure

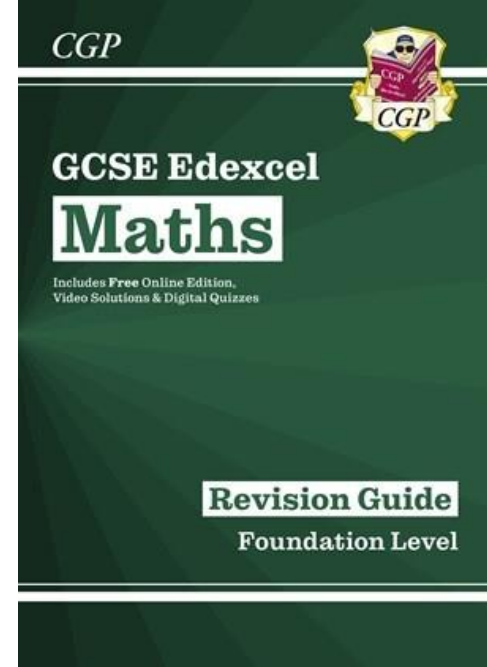

Follow
[@ReviseJustMaths](#)

To revise maths you need to DO maths!

Revision Guide and Workbook

- Revision guides are great for reminding students what they need to know about a topic – but they need to make sure that they are trying to do the questions too.

- 1 Jesy invests £8000 for n years in a savings account.

To find the value, V , of her investment after n years she uses the formula:

$$V = 8000 \times (1.025)^n$$

- (a) Write down the annual rate of interest Jesy earns.
- (b) Find the **total amount of interest** Jesy earns in three years.

(Total for question 1 is 3 marks)

- 2 Perrie invests £25000 for 3 years in a savings account.
She gets 2.7% per annum compound interest.

Calculate the **total amount of interest** Perrie will get after 3 years.

(Total for question 2 is 3 marks)

- 3 Jade bought a house for £350 000.

In the first year the house price increased by 3%
In the second year the house price increased by 2%
In the third year the house price depreciated by 5%

Work out the value of the house at the end of 3 years.

(Total for question 3 is 3 marks)

- 4 Leigh-Anne invests £2500 for 4 years in a savings account.
She gets 3% per annum compound interest.

How much money does Leigh-Anne have at the end of 4 years.

(Total for question 4 is 2 marks)

- 5 Annie invests £9500 for 5 years in a savings account.
She gets 1.8% per annum compound interest.

How much money does Annie have at the end of 5 years.

(Total for question 5 is 2 marks)

- 6 Greg bought a new car for £18 000.
In the first year the value of the car depreciates by 30%.
In the second year and the third year the car depreciates by 14%

Work out the value of the car after three years.

(Total for question 6 is 3 marks)

- 7 Nick bought a new car.
Each year the car depreciates in value by 12%.

Work out the number of years it takes for the car to half in value.

(Total for question 7 is 3 marks)

- 8 Fearne invests £5600 in a savings account.
She gets 2% per annum compound interest.

After n years, Fearne has £6061.62 in her account.
Work out the value of n .

(Total for question 8 is 2 marks)

- 1 Jesy invests £8000 for n years in a savings account.

To find the value, V , of her investment after n years she uses the formula:

$$V = 8000 \times (1.025)^n$$

- (a) Write down the annual rate of interest Jesy earns.

.....
(1)

- (b) Find the **total amount of interest** Jesy earns in three years.

£.....
(2)

(Total for question 1 is 3 marks)

- 2 Perrie invests £25000 for 3 years in a savings account.
She gets 2.7% per annum compound interest.

Calculate the **total amount of interest** Perrie will get after 3 years.

Mark Scheme

Paper: 1MA1/1F				
Question	Answer	Mark	Mark scheme	Additional guidance
1	3	B1	cao	
2	73	B1	cao	
3	80	B1	cao	
4	23 or 29	B1	for 23 or 29	Do not award if any other numbers are included, but award if both 23 and 29 are shown.
5	11	B1	cao	
6	3000	P1 P1 P1 A1	for a correct step for travel or/and spending money eg $4 \times 150 (=600)$ or $4 \times 250 (=1000)$ or $150 + 250 (=400)$ for an appropriate step with the hotel price eg $7 \times 50 (=350)$ or $4 \times 50 (=200)$ for combining at least two “costs” for 4 people for 7 nights eg $4 \times 150 + 4 \times 250 (=1600)$ or $4 \times 150 + 7 \times 4 \times 50 (=2000)$ cao	Can be embedded eg $4 \times 7 \times 150$ Can be $4 \times 7 \times 50$ Must be correct process for two costs eg not $4 \times 150 \times 7$ but may be 2 correct costs and one incorrect

Answers

Answer ALL questions.

Write your answers in the spaces provided.

You must write down all the stages in your working.

- 1 Write 180 minutes in hours.

$$\frac{180}{60} = 3$$

3 hours

(Total for Question 1 is 1 mark)

- 2 Write 0.73 as a percentage.

$$0.73 \times 100$$

73 %

(Total for Question 2 is 1 mark)

- 3 Work out $10 \times (3 + 5)$

$$10 \times 8$$

80

(Total for Question 3 is 1 mark)

Solve

$$5(x - 1) = 4(x + 2) + 2(x - 7)$$

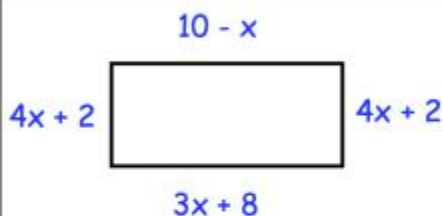

Simplify

$$\frac{s^3 \times s^4}{s^2}$$

Shown is a sphere with a radius of 5cm.
Calculate the volume of the sphere.
Give your answer to 1 decimal place.

Here is a rectangle
All measurements are in centimetres.

Work out the value of x

Find the area of the rectangle
